Light bulbs- Using energy saving light bulbs throughout your home can save you £55 a year. Showers use 45 litres less water than a bath and can save up to £115 a year.

Turn it off- Turning off the tap while you brush your teeth saves 7 litres every time and can save you £14 a year.

Get a free water saving pack from Yorkshire Water. Call **0345 1 24 24 24**. Or [Email](#)

Thick Curtains- help to keep the heat in.

Drip drip- A dripping tap can waste 5,500 litres a year and cost you £11 a year.

Turn it off- Turning appliances off instead of leaving them on standby could save you £50 a year

Mobiles- Most phones and laptops only need two or three hours to charge. Charging overnight wastes £50 a year.

Draughts- Draught excluders around your windows and doors could save you £90 a year.

Fridges- Defrost fridges and freezers regularly to maintain their efficiency.

Kettle- Only boiling the water you need can save you £14 a year.

Radiators- Bleed your radiators and use thermostatic valves to ensure they run efficiently.

Floors- Thick carpets and underlay help stop heating escaping through floors.

Water butt- Installing a water butt can save water and money and help your garden stay looking healthy.

Save Energy, Save Money...

...don't waste it.

Remember

Switching energy supplier when possible ensures you always get the best deal and could save up to £150 a year. Our WDH switch and Site (switch-save.com) is an easy way to save money on your energy bills. Contact the Cash Wise team if you need help with this.
